

Instructions for trading a new security

This document will guide you through the process of admitting a new security to trade on the Market.

Where a Participating Institution wishes to trade a security that is not currently being traded on the Market, it may apply to admit such security to trade. Please note that where a security is already trading on the Market, Participating Institutions who want to trade on that same security do not have to apply again to admit the security to trade. A list of currently traded securities shall be made available on the OTC Bulletin Board and the website.

Eligibility Criteria

For a security to be admitted to trade, the company must have been in operation for a year.

- (a) It must be public company or be held by more than 50 beneficial holders;
- (b) The Securities must be registered with the Securities and Exchange Commission (“SEC”);
- (c) The Security must be freely transferable; and
- (d) It must not have any legal or regulatory restriction that prevents it from being traded on the Market.

Application process

The Participating Institution shall make an application in writing to NASD accompanied by the following documents:

- (a) A duly completed NASD Form 3 in duplicate;
- (b) A copy of the Company’s most recent Annual Report and Accounts.

The Participating Institution must gather, review and provide to NASD as much information as possible about the Company and its security to help facilitate the process. The application process may take up to 2 weeks.

NASD shall communicate its approval in writing and the security shall be classified as an Admitted Security. The Admitted Security shall be announced on www.nasdaq.com and be admitted to trade on the Market.

Kindly send enquiries through email to marketoperations@nasdaq.com or call the NASD help desk on 01-4605008 for clarification.
